Lap Swim

On October 9th guidance was released to allow us to expand our lap swim reservations with certain limitations. The Club will open the reservation system on November 30th for expanded lap swim reservations.

In accordance with the guidance from [COVID-19 Prevention Guidance and Reopening of Water Recreation Facilities in Phases](#) put out by the Washington State Department of Health the Samena Club will be expanding certain lap lanes from 1 person to 2 people. This change will go into effect Monday December 7th, 2020. Samena will utilize on-line, in App, and phone-in reservation systems to make reservations to limit in person interactions. Reservations are required.

Transactions at this time will be limited to credit card only to eliminate the handling of cash.

All members will be required to sign a waiver of consent and commitment to the facility's reopening policies.

Safety is our top priority as we continue our staged re-opening. To ensure the health of our members and team, we have created a new schedule that limits capacities to ensure social distancing requirements and provides time to clean and sanitize between activities/sessions. As part of the Club's ongoing safety plan, things will look a little different. All members will be asked to complete a health screening upon entering the facility, to wear a mask/face-covering while in the building, and to adhere to social distancing. In addition to our online reservation/registration process we have instituted contactless check in, enhanced cleaning procedures, and clear designations for social distancing. We are beyond excited to begin to welcome you back to the Club.
